Acknowledgement of a project report is a very important aspect in any type of academic work. The acknowledgement section has been written to provide acknowledgement for people who have helped, supported and guided you through your project.

It can also be used to acknowledge organizations that have provided necessary information or support during the course of the project.

The acknowledgement section is usually placed before the main body of the text (introduction) and after any acknowledgements about sources such as images, quotes etc.

In this acknowledgement paragraph we would like to thank our parents and teachers for their guidance and constant supervision which was immensely helpful in completing this project on time with flying colors!
